

30 December 1969

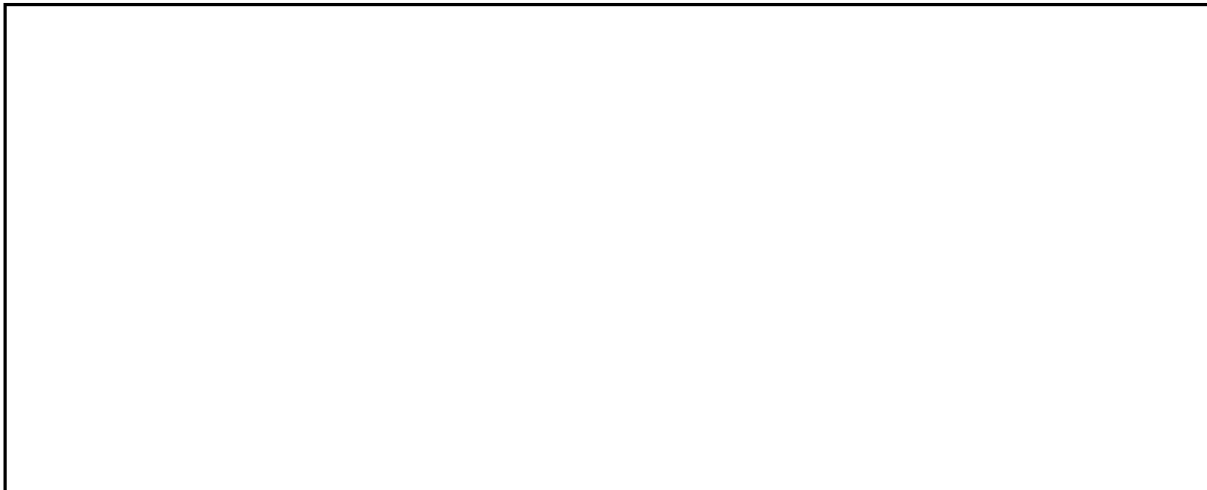

MEMORANDUM FOR THE RECORD

Morning Meeting of 30 December 1969

The Director is on leave. Acting Director was in the chair.

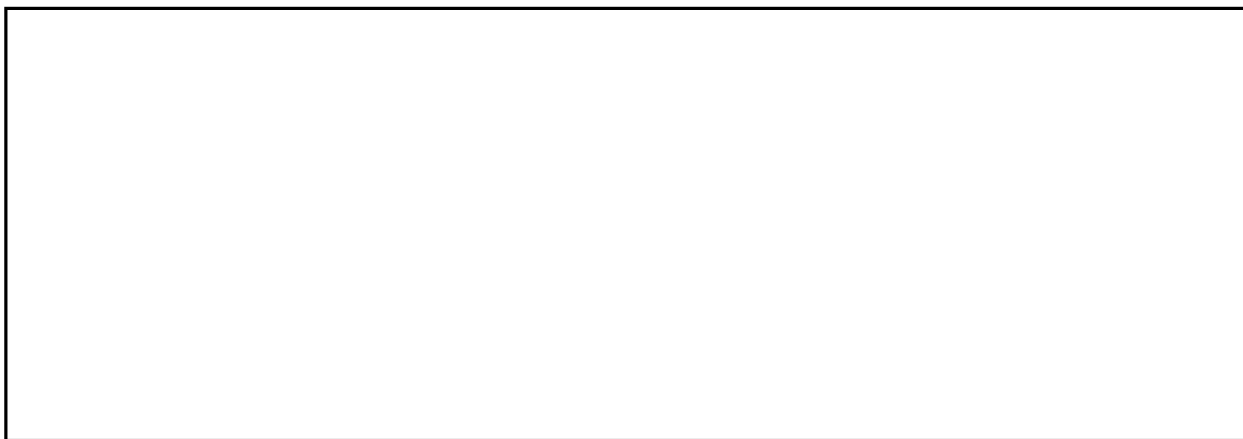

ADDI reported that the DDI is out with a bad back and might not be in for the rest of the week.

25X1

Maury noted press reports that Senator Stennis has set up a special subcommittee headed by Senator Jackson to monitor SALT talks and provide assurance that the US is not assuming excessive risks. Maury said that the Jackson subcommittee will encounter jurisdictional problems with the Senate Foreign Relations Committee and that each Committee will probably try to draw the Agency into the issue on its side.

The Acting Director reported that the Director has asked to receive material on developments during his absence to read on the aircraft when returning from leave on 4 January. All contributions are to be submitted to Colonel White by noon, 31 December. The Acting Director said that a security officer will carry the briefing material on the aircraft.
